From English Club

EXAM WEEK

We had the 2 hardest weeks of our lives. Lots of subjects need to be studied but we didn't have enough time. We had to double our effort to maximize our time to cover all subjects. Some students were able to reach their goal in getting a good grade but others didn't get what they wanted. But there is still the last term and we can correct all the mistakes we had from previous terms. We can do this. It's not too late. Let's study harder.

Looking Back our school life of second term in 2015

Play "Rumpelstiltskin"

With creative minds, all the members of English club decided to choose Rumpelstiltskin as play for the competition. Sadly we didn't win in Kitatama area. But anyway we had a great time in making the props, practicing and helping each other during the time of the preparation and the video recording proper. The English club were very grateful to the teachers who helped in the preparation. Looking forward to next year's play and hoping we will win next time.

Please come on December 19th 2015 at the gym at 12 : 30 pm for the actual play. We hope you will enjoy it. See you there!

Chorus contest

The whole school went to Akishima City Kotori Hall last October 26th. All levels from first year to third year Junior highschool participated in a choral contest. We started practicing since September until we perfected our songs and music assignment. We gave all our effort to win and we gave our best for the performance, and the best group wins. But everybody shared their individual effort and put their heart into the class practice. Class 1-1, 2-2 and 3-3 got the first prize for the contest. Everyone enjoyed their time singing and watching the contest. Hopefully next year, we will do our best again.

Farm Experience

The first graders went to the Farm Experience activity on October 16th. We learned to appreciate the work of the farmers which is planting different vegetables for us to eat. We should not be wasting the food we eat because it was planted with hard work that the farmers put in. We need to thank the farmers who exerted all their efforts to plant good vegetables for us to eat. We should learn to eat vegetables.

UNICEF

Tachikawa Dai 7 junior high school students will be having a fund raising activity in Tokyo Station on December 20th and Tachikawa Station on December 23rd. We are inviting everybody to join us in this charitable and volunteering activity by collecting money from the passers by for starving children all over the world.

Editor's postscript

What would you like to do on your winter vacation? We have Christmas and the new year. We can go to onsen, temples and spend time with our family. Enjoy the Holidays!! We hope you will have the best winter vacation for this year. Merry Christmas!

(Thiemy, Karina, Manaka)
