Lunch time

Student from Yokota Base

On May 15th, students from Yokota Base visited our school. Twenty-two students came. They joined our classes and enjoyed P.E, Japanese and English.

Did you have a chance to talk with them? Through this program we

learned a lot about American culture by interacting with them. We shared something about our cultures as well. The experience and time spent with them gave us a great opportunity to communicate with people from other countries. We hope you will be interested and encouraged to learn the language of other countries to bridge the gap of communication and build a friendship. We want to see them again!!!!!! Thank you.

Interview with our New ALT

We have a new ALT. Her name is Barbra PenarandaMinglana.

Q: Where are you from?

A: I'm from Philippines.

Q: When is your birthday?

A: December 4th.

Q: What are your hobbies?

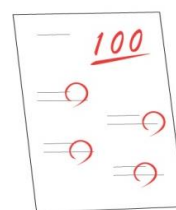

A: Yoga, painting, dancing, watching Art videos and playing the piano.

Q: What do you think of Japan?

A: I love Japan because the people are kind, soft spoken and respectful. I like walking under the trees and close to nature. I like the weather as well. I'm fond of going to *onsen* and rock sauna during my free time. I have been to Odawara Flower garden and I was amazed by the beautiful and different kinds of flowers. I can see myself staying in Japan for the rest of my life.

Mid Term Exam

How was your test? Was the test easy or hard for you?

If you have a question about the test, go to your teacher and ask. For the next coming test, let's study harder and do our best.

The editor's postscript

Did you enjoy this news letter? Did you have a good time with students from Yokota base? School trip is coming soon. Let's enjoy it! (Risa, Ririna, Komugi, Yuka, Hana)
