Athletic meet!

Body and Soul

The theme of the athletic meet this year was "Body and Soul".

Each student worked hard. They enjoyed marching and individual sports. Some students were tired and some were injured. We did our best until we were tired.

Mr. Koba Ran!

Mr. Koba, our art teacher, joined the 1000 meter race. Everyone was surprised. Mr. Koba enjoyed the race. As a result Mr. Koba came in third place. The students cheered for Mr. Koba. He did a good job.

Main Event Fever!

The most exciting event was the relay race. Everyone especially enjoyed the first grade relay race because all the teachers ran in the race with the students.

For some teachers, it was difficult to run 100 meters. But the teamwork of our teachers was wonderful. This has been one of the traditions of our school.

Thank you, teachers!

New record

A new record was set at the athletic meet for the high jump. Kawakami Minami jumped 132 centimeters.

Congratulations Minami! !
