( class 3 )

Total →White team

↑ The march by all the students.

Sports Day! at Tachikawa No. 7 JHS  
Sports Day!  
at Tachikawa No. 7 JHS

## Opening ceremony

The entrance march by all the students started the ceremony. The slogan this year was "Let's make our Sports Day the best one in Tokyo, in Japan and in the world!"

Radio exercises, the school song, and the player pledge were part of the opening ceremony.

Many people said, "We were impressed by the wonderful opening ceremony."

## Centipede Race by second year students

One rope ties an entire class's leg. Each team had a special chant.

For example, red team said, "Totoro Shota! Totoro Shota!" because their homeroom teacher looks like "Totoro". The centipede race was difficult but the students never gave up. They practiced very hard early in the morning and after school.

The red team was the winner but all the students looked happy .

## Jump Rope by third year students

About 40 students jumped together.

The rope is about fifteen meters long.

The students shouted "1,2,3...." as they jumped.

White team jumped 99 times and won the game.

The jump rope was special because it was the last Sports Day for the 3<sup>rd</sup> year students.

They did their best.

It will be their best memory of junior high school.

## Raft Race by first year students

In the raft race, students bent over and built a raft. One person runs on it. If everybody moves quickly and does not build a raft, it will become impossible for the students to run.

One for all, all for one.

### *The editor's postscript*

This was Sports Day special edition.

How was it? We will have tests soon.

We must study hard. See you!
