Skiing Trip to Sugadaira

Best Memory!

It was very cold in Sugadaira. There was a lot of snow. The snow condition was very good. The hotel where we stayed was very nice. The ski instructors were very kind.

The students enjoyed talking, staying together, and eating together. They had a very good time. It became their good memory! They will never forget their skiing trip.

Day-at-work Program

To work is hard but important!

The second grade students had work experience program from January 16th to 18th. Some of them worked at a supermarket, some at a nursery school, and some at a recycling center and so on. Thanks to many people of those companies, they learned a lot of things, such as the importance of working and the difficulty of working. In the future they will be able to find the good job for each of them. This program will be one of the best memories of their school life.
